Small Engines & Outdoor Power Equipment - Briggs & Stratton

Pre-1965 Briggs and Stratton. Most vintage Briggs motors built before 1965 will have a date code stamped on the flywheel and/or magneto plate. The last two digits of the year are shown in one casting, followed by a letter representing the month. The months are coded in letters; for example, A = January, B = February, etc. Briggs & Stratton With ...

Find the right spark plug and gap for engine | Briggs ...

Stratton, Shiely and the rest of Briggs' management missed yet another development in the marketplace. In the early 1990s there was a growing consciousness of environmental damage done by emissions from even small gasoline-powered engines, and a growing interest in the industry to respond to that by developing battery-powered lawnmowers or less polluting engines.
