### Carburettor Tuning Guide - AMAL Carb

TO SET AND ADJUST THE AMAL CARBURETTOR Having installed the engine as per our instruction manual, we would suggest you use the engine for 10 hours approximately, to allow for settling in and then, if necessary, proceed as follows: 1. Get engine started and run for 2-3 minutes until warm. Reduce to idle. 2. Slacken off throttle to carburettor top cap.

### TO SET AND ADJUST THE AMAL CARBURETTOR

AMAL Carburettor Hints and Tips How the Carburettor Works The carburettor proportions and atomises the right amount of petrol with the air that is drawn in by the engine because of the correct proportions of jet sizes and the main choke bore. The float chamber maintains a constant level of fuel at the jets and cuts off the supply when the engine stops.

### AMAL Carburettor Hints and Tips - Classic Bike

So you purchased a new Amal Premier carburetor and noticed that your classic motorcycle is running too rich or too lean on the pilot circuit. Before you panic you need to know and understand a few things before you throw in the towel.. This symptom of a lean or rich condition is quite common on any carburetor, however, those that have the new Amal Premier carburetors or Wassell Evolution carbs ...
