However, the environmental crisis reveals just how misguided is the poststructuralists' 'magical assumption that the fragmentation of knowledge will somehow break the grip of the object of knowledge'.¹ Unless they pave the way for some alternative way of achieving a comprehensive understanding of the world, poststructuralist cultural critiques will merely dissolve the opposition to mainstream culture, leaving no alternative to the forms of thinking which have engendered the rise of ...

Postmodernism and the Environmental Crisis - Taylor & Francis

Reflection on the postmodern condition and reflection on the environmental crisis have much in common. They both involve efforts to understand the culture of modern civilization and how it has come to its present state.

Postmodernism and environmental ethics Environmental ethics are a set of norms that a society accepts as a foundation for mediating and guiding their behavior towards the environment . In Western society, we have used our science, as well as other traditions (e.g. capitalist economics, humaneness, aesthetics), to form the foundation of our environmental behavior.

Postmodernism And The Environmental Crisis Postmodernism is a broad movement that developed in the mid- to late 20th century across philosophy, the arts, architecture, and criticism, marking a departure from modernism. The term has been more generally applied to describe what postmodernists believe to be the historical era following modernity and the

Postmodernism And The Environmental Crisis Arran Gare

In these works he attempted to explain the ascendance, world domination and environmental destructiveness of European civilisation, the failure of orthodox Marxism as practised in the Soviet Union and Eastern Europe to provide a real alternative to this, and the ineffectuality of deconstructive postmodernism in the face of the ecological crisis confronting humanity, while offering a different path into the future based on a synthesis of process metaphysics, neo-Aristotelian ethics, neo ...
